

**2016 Six-Year Master Plan
&
2017-2019 Funding Cycle
Academic Facilities Partnership Program Project Applications**

The Guidelines for the 2016 six-year Master Plan and the Partnership Program project applications for the 2017-2019 funding cycle are located on the district welcome screen and throughout the Master Plan Web Tool. The Guidelines are located in the lower left corner of the screens (*select Help*) and by clicking  throughout the Web Tool. Districts may view the welcome and help screens by logging onto the district's Master Plan.

The six-year Master Plan is due February 1, 2016, and Partnership Program project applications are due March 1, 2016.

Districts submitting facility projects for funding consideration in the 2017-2019 funding cycle must complete all eight (8) tabs of the project application and upload all required schematics (*Partnership Program Rule 3.30*), resolutions (*Partnership Program Rule 4.05*), PORs (*Partnership Program Rule 3.34*), and other supporting documents.

The Master Plan Web Tool link is located on the right side of the Division home page, under "Key Links" and named "Master Plan Tool".

Districts are responsible for adhering to all Rules and fully completing the Partnership Program application. Districts are encouraged to call the Division office for assistance.
